📍 Bangalore, India

👤 SUMMARY

Software Professional with 4.8 years of experience specializing in front-end development, Java full-stack development, and AWS DevOps. Proficient in Java, Spring Boot, and implementing CI/CD pipelines. Experienced in managing cloud infrastructure using AWS services. Demonstrated expertise in analysis, design, development, deployment, testing, and maintenance. Seeking opportunities to leverage my comprehensive software development and DevOps skills to deliver robust and scalable cloud-based solutions.

👜 PROFESSIONAL EXPERIENCE

Career Transition

Oct 2023 – present

Skill Enhancement - DevOps Engineer

Bangalore, India

- Completed AWS DevOps engineering courses and practical projects, mastering DevOps tools and technologies.
- Completed a prompt engineering course, optimizing conversational AI models, leading to improved AI model performance.
- Mastered DevOps tools and concepts by investing over 100 hours in courses and hands-on projects, enhancing expertise.
- Updated skills in Docker, Kubernetes, and AWS Service to stay current with industry trends, ensuring readiness for DevOps roles.

Senior Developer

Feb 2022 – Sep 2023

HCL Technologies Private Limited

Gannavaram, India

- Developed and tested full stack applications using Java, Spring Boot, JUnit and MariaDB, resulting in 90% code coverage and reduced deployment time by 20%.
- Contributed to the CAS Project by managing Charge, Payment, and Transaction information, adhering to agile methodologies and company standards.
- Streamlined version control processes using Git, reducing merge conflicts by 25% and enhancing team collaboration and productivity through effective Git workflows.
- Gained practical experience in cloud computing and DevOps practices by implementing CI/CD pipelines, managing cloud infrastructure with AWS, and automating deployments.
- Actively engaged in sprint planning and scrum sessions, enhancing team collaboration and project delivery speed by 20%.

Professional Services - Development

Cura GRC Private Limited

Jan 2019 – Feb 2022

Hyderabad, India

- Achieved expert proficiency in Cura tools (Methodology, Assessor, NextGen), reducing client onboarding time by 30% through streamlined processes and training.
- Developed user-centric solutions for global clients, employing Front-End technologies and modern design patterns for seamless cross-device experiences.
- Delivered training sessions to 20 junior team members, resulting in a 40% improvement in their product knowledge and a 20% increase in project delivery speed.
- Engaged directly with clients to demonstrate product features, fostering strong relationships and gathering valuable feedback.
- Managed project workflows and quality assurance using JIRA, reducing issue resolution time by 30% and maintaining product integrity through efficient tracking and resolution processes.

SKILLS

Front- End Development — *HTML, CSS, JavaScript, Bootstrap & JQuery, MS SQL*

Java Full Stack Development — *Java, Spring Framework, RESTful API, Postman, MariaDB, MySQL*

Prompt Engineering — *AI Tools, LLM Models, GenAI foundation models like AWS Bedrock*

DevOps Tools — *GitHub, Jenkins, Ansible, Terraform, Docker, Kubernetes, SonarQube, Confluence, Jira*

AWS Services — *EC2, IAM, Beanstalk, RDS, Lambda, S3, CW, CF, CI/CD, ECS, ECR, EKS*

Scripting Languages — *Shell Scripting (Bash)*

Operating Systems — *Windows, Linux (Ubuntu)*

LANGUAGES

Telugu

English

Hindi

EDUCATION

Master of Technology - Power Electronics

2016 – 2018

Eluru College of Engineering & Technology

Eluru, India

CERTIFICATES

AWS Certified Cloud Practitioner  — *Amazon Web Services Training and Certification*

AI Tools Mastery — *Be10X*
